

MR. ROBERTS, of Ypsilanti, is filling up the block corner of Corner and River streets, near the Depot, with a beautiful brick building which he proposes to use as a market. It is in good taste with the rest of the block.

THE NORRIS BLOCK, Ypsilanti, is completed, and several of the stores are being occupied. The upper stories are being well finished, and families are already occupying them.

THE SOLDIERS of the Ypsilanti Light Guard returned on Thursday morning last, after having been mustered out of service and paid off. We had conversation with several, and found that they would enlist immediately for a three years campaign—a good example for our Ann Arbor boys.

On Thursday evening a grand ball was held, at Hewitt's Hall, Ypsilanti, in honor of those brave fellows who have recently returned from the wars of Virginia.
